CASE 2

Hokkaido Gas employee's dormitory

This "large wooden building" provides the warmth and healing power of wood and features broad spaces and a floor plan that take the maximum possible advantage of its building site. With its fully private rooms, a dining room offering highly nutritious meals, and a large bath where its residents can relieve the fatigue of a long day's work, it is the perfect employee dormitory that prioritizes the comfort of its occupants.

Outline of the property

- Use of the building: Dormitory
- Building lot area: 801.09m²
- Total floor area: 1,332.21m²
- Number of buildings: 1
- Number of floors: 3 floors above ground
- Structure: Wooden construction(Post-and-beam construction), Fireproof building
- Work period: from May 20 to October 25, 2019
